TURNER IN GREAT FORM

RIDER'S EFFORT ON MONOCACY CHARACTER IZED AS A STAR PERFORMANCE.

Talbett Racer Wins from Royal Meteor at Palmetto Park by Half a Length-A Day of Close Finishes.

Charleston, S. C., February 19.—Stirring contests were the order at Palmetto Park this afternoon. All the winners were forced to driving finishes to win by small margins and in four of the six races less than one length separated the first two. The feature race, a selling handicap at seven furlongs, proved one of the best races run over the track this winter. Monocacy and Royal Meteor ran like a team for the entire way. Turner gave Monocacy a rousing finish and landed him the winner by a scant half length. This was the best race that Turner has ridden here all winter. In fact, it was the best ridden here all winter. In fact, it was the best ridden hear all winter. In fact, it was the send huish that any rider has shown during the meeting. The Taibott stable put another winner over when Laura beat a band of her own age in the second race, a dash of six furlongs for three-year-olds with selling allowances. Laura, with McTaggari in the saddle, made a runaway affair of it, beating the Redwell entry, Helen M., a half length. Bedwell bid Laura up from \$600 to \$900 and secured her at the latter figure.

the latter figure.

Monocacy and Tom Hancock were the winning choices. The track was in good condition and the attendance large.

J. Todd, of Caracas, Venezuela, who came here to purchase a string of horses to race in Caracas, has arranged to ship his stable on Saturday to New York, where they will board ship for South America. The stable at present is composed of Dr. Jackson, Fiel, Discovery, Mattie L. and Belle of Normandy, Senor Todd will purchase about ten more before leaving. He has arranged to take jockeys H. Pauley and C. Iryin and the apprentice, W, Ward, with him to Caracas.

The mistake made by the stewards in the placing of the fourth race yesterday has resulted in the charleston Fair and Racing Association appointing W. F. Schulte to act as associate judge, his duties being to pick the fourth horse at the finish in the races remaining to be run during the meeting. Judge Schulte assumed his duties this afternoon.

William Bewerley joined the ranks of the layers here today. He is associated with Abe Levy.
The horses owned by R. P. Dodson, including Columbia Girl, Martre, Please Welles, Duke of Shelby and A. N. Akin, have been turned over to John Paul, who will handle them in the future. Mr. Dodson has booked the filly Misplay to the stallion Hanbridge, which is standing at the Gerst farm near Nashville, Tenn.

F. J. Pons arrived from Tennessee today. He reports four fine-looking yearlings at his place by the Sain stallion. Tony Bonero. They are out of Tres Joli, Elsie Bramble, Lillian E. and Mercie H. The three-year-old Judge Wright, by Superman—behavious the dam of Hambridge, will be shipped to Mr. Pons farm at the conclusion of the meeting, where he will be mated with several of the eighteen mares at the Pons place.

Frank J. Bryan has been appointed handicapper for all meetings under the jurisdiction of the hunts committee.

From Boston comes word that the race committee of the Country Club, at Brookline, has started on the work of preparation for the coming race meeting there. This meeting is annually one of the most popular of the whole amateur circuit. This year there will be a renewal of the Country Club Grand Annual, the Chamblet Memorial, the National Hunt Cup, the Massasoit Plate, the Middlessx Cup, the Myopia Cup, the Challenge Cup, and, in fact, all of the famous old races. Then there will be a number of new races on the program. A partial rebuilding of the course is under consideration. The idea is to put in growing brush that will mean natural jumps in the course of a couple of years. The water jump will also probably be moved so that it will be brought within plain view of those in the grandstand, is another that will be noved according to the plans that are under consideration. It will still be on the grade, but placed in a position where a better view will be possible. Another change that has already been decided upon for the race program is the framing of a number of events for locally-owned horses. They will be ridden by gentlemen who are members of recognized New England Hunts. Several of the young men of Boston and the surrounding country are ardent horsemen, but in other seasous they have had little chance when asked to compete with the best amateur riders in the country. These local races will afford them an opportunity, and already a number of purchases of horses have been made for these races.

GOOD SHOWING OF A TEXAS-BRED STABLE

The J. F. & H. S. Newman stable of 1913 was with one exception made up entirely of sons and daughters of the good Hanover horse, Abe Frank. One of these, the three-year-old filly, Pan Zareta, was quite one of the stars of the year and a young mare of great speed. She was given a hard campaign of thirty-three races, of which she won fifteen and was placed in eleven more. Her feat of twice running five and a laif furlongs at Juarez with big weights up in 1:04% serves to show the extreme measure of speed with which she is gifted. The Newman mares are, as a rule, not of the most select lines of ancestry and, in view of the way in which Abe Frank endows his progeny with speed of a high order, it is a matter for regret that such is the case. Pan Zareta won the greater portion of the Newman stable earnings, but Mother Katcham also contributed more than usefully to the following record for the year:

DISCUSSES HANDICAPS AND HANDICAPPING

W. S. Vosburgh, handicapper for the Jockey Club. has written the following for publication:

"Our American racing public has been badly educated as regards racing generally and in no respect more so than in respect of handicaps. They seem to be possessed with the idea in the top weight alone has any right to the top weight alone has any right to so qualize the horses by means of weights that the poorest racer has an equal chance with the best. But if a light-weighted horse wins the public rather resent his success, and then it is suddenly discovered that he was 'thrown in.' Pitchforked than discovered that he was 'thrown in.' Pitchforked than is because they have not backed him floot and the expressions of fill tend in the illustrates the fact that the interests of racing and betting are not always identical.

"Moreover, the American idea of handicapping seems based on the assumption that racing is an exact science, which it is not. We have read articles on handicapping in which so many pumpis are allowed for so many lengths. half-lengths or heads. If this were true, it would only need a mathematician to make the weights—he need never have seen a race or a race horse. As a matter of fact, a length may mean one pound or twelve pounds—it depends upon how the horses finish. We often read in reports of races that a horse won easily. The natural tendency is to exaggerate, to exalt the winner. He may be 'all out' at the finish, but he is recorded as having 'won easily,' and this causes many who credit such reports to lose their money the next time such horses start.

"Another current and the recent has a horse won easily. The natural tendency is to exaggerate, to exalt the winner. He may be 'all out' at the finish, but he is recorded as having 'won easily,' and this causes many who credit such reports to lose their money the next time such horses start.

"Another current place for the Jacks of the country of Gen. Forrest, of the Confederate arms, After engageing in business in New Orleans the close of the war, Major

of men who employ their time in reducing the vagaries of animal locomotion to the mathematical certainty of a science. These men figure on the chances of horses for the purposes of betting. Why they should be called handicappers it is not casy to say, for none of them ever framed a handicap for which horses competed. To distinguish them from the person who makes the handicapper, the latter is called the 'official handicapper.' But why 'official'? As well speak of the 'official starter,' or the 'official clerk of scales,' for the use of the prefix 'official' presupposes that there are other handicappers, starters or clerks of scales, when in fact there are no others than those who do the work. It is about on a par with the custom of speaking of the winning horse leading 'under the wire,' when there is no wire that the persons using them lack both racing knowledge and racing spirit—they haven't the smell of Newmarket.

"There are people who affect to sneer at handicaparated of terms is a pretty certain indication that the persons using them lack both racing knowledge and racing spirit—they haven't the smell of Newmarket.

the persons using them lack both racing knowledge and racing spirit—they haven't the smell of Newmarket.

"There are people who affect to sneer at handicaps and clamor for weight-for-age races. But it is impossible to interest the public in one-sided races such as weight-for-age races usually produce. Hence, the handicap becomes the only means of equalizing horses and insuring better contexts—particularly when racing is catering to the patronage of the public. Comparisons with the sport in England do not apply. There they have a large number of owners who are men of wealth and who are willing to race for their own money. They are not so dependent upon public support as we are here, and the willing ness of their owners to make many and heavy subscriptions enables them to offer weight-for-age races of such great value that horses are prepared especially for those races.

"Nor from the standpoint of the 'improvement of the breed of horses' are weight-for-age races to be preferred to handicaps—except in the case of two year-olds or spring events for three-year-olds. A horse which wins an important handicap with high weight, conceding many pounds to his field, has a better certificate of merit than one which at weight-for-age has beaten two or three horses twenty-five pounds his inferiors—a mere procession in which he has never been called upon to extend himself.

"The Epsom Derby is the greatest of all weight-for-age races. Yet, in the past twenty-three years only one winner of the Derby (Rock Sand), was sired by perby winners. It is about the same with the St. Leger—in twenty-three years only four were sired by Derby winners. It is about the same with the St. Leger—in twenty-three years only four winners were sired by previous winners. Thus, as a breeding standard (the ridiculous Figure System, for instance) the Derby and St. Leger will not stand the test when carefully looked into, for certainly the Derby and St. Leger will not stand the test when carefully looked into, for certainly the Derby and St. Leger will

any class of horses.
"On the other hand, some of England's most celebrated sires have won their credentials to fame in handicaps. Isonomy won the Cambridgeshire, the Manchester Cup and the Great Ebor—all handicaps. Sterling won the Liverpool Cup and was seend in one of the best Cambridgeshire's on record. Bend one of the best Cambridgeshire's on record. Bend Or won the City and Suburban. Roseberry won both Cesarewitch and Cambridgeshire. Hampton won the Northumberland Plate (and sired more Derby winners than any modern Derby winner). Master Kildare won the City and Suburban and Liverpool Cup. Marco won the Cambridgeshire. Amphion won the Juliee Handicap. Minting won the Jubilee Handicap. Melton won the Liverpool Cup. Vedette won the Ebor Handicap. Barcaldine won the Northumberland Plate. Adventurer won the City and Suburban. Sundridge was twice winner of the De Warrenne Handicap (the last time with 137 lbs.) These horses have completely outbred the Derby winners of recent years.

years.

"In conclusion, it will be seen by reference to the races quoted that a really high-class horse is capable of conceding a vast amount of weight to an inferior horse over the middle distances (which constitute the real test.) Over longer distances, weight will fell with greater effect, for there the inferior one having less nerve force, or speed, is able to rate along until the weight begins to tell on the 'crack.' Of course, racing is not an exact science—there are too many incidents in a race to permit of its being so—the slightest incident will upset the most carefully prepared handicap; yet, the handicap is the nearest approach to scientific racing that has been devised as it enables us to prove the difference between horses which at weight-for-age is only a guess."

HODGE MAKES APPEARANCE

ONE OF LAST SEASON'S GOOD TWO-YEAR-OLDS RUNS THIRD AT JUAREZ.

Goes to Post Under Heavy Impost as Odds-On Favorite and Is Beaten by Othello and Orb-Juarez Course Dries Out Rapidly.

Course Dries Out Rapidly.

El Paso, Tex., February 19.—Under the influence of a light wind and a warm sun the course of the Jockey Club Juarez dried out rapidly today and when the horses were called to the post for the first race the going was in good condition. It continued to improve as the afferinoon progressed and the track will be at its best for tomorrow's racing.

Today's program was notable for the reappearance of Kay Spence's good two-year-old of last season, Hodge. On the strength of his excellent showing last year, when he won more races than any other two-year-old in America, the son of Ivan the Terrible and Nannie Hodge was installed favorite in the allowance race for three-year-olds, in which he was making his debut for this season. In spite of the fact that he was making great weight concessions to good opposition he was backed to the exclusion of everything else in the race, with the result that he went to the post at odds-on. When it came to the running Othello, one of the receding choices, led all the way by a considerable margin and won with ease. Orb was the runner-up from start to finish and beat Hodge by seven lengths for second money. Hodge ran in third place throughout the entire race and was weakening at the end as if short of work.

Besides winning with Othello, jockey J. McCabe piloted Frank D. Weir's Francis to victory in the opening dash. Francis had been the opening favorite, but Doncaster, making his first start in many months, went to the post first choice. He finished a close up third and will doubtless improve over his showing of today in the near future. Sister Florence, which rulled equal choice with Sleepland, won the second race off by herself.

An allowance race at seven-eighths of a mile was one of the features of the card and was won by Black-Eyed Susan. from the stable of J. W. Fuller, She came from behind in the stretch to beat Belle of Bryn Mawr, which had been setting the pace from the start. Barsac was a val-backed it were in this race and was headed in the final st

scratch him tomorrow.

Jockey A. Claver and trainer W. Schofield departed tonight to report to Henry McDaniel at Toronto. Claver will stop off at Chicago to visit his parents and later will proceed to Toronto.

The track was a bit lumpy when the third race was run and there is a disposition to attribute to this circumstance Hodge's failure to make a better showing.

Edmond Adams is back in the stable of C. Mulholland as the result of being bid up from \$600 to \$800 by that former owner of his after he won the fifth race today.

NOTES OF THE TURF.

The business interests of Saratoga, which are naturally benefitted to a marked degree by the resumption of racing at that point, are being asked to contribute to a fund to help towards the continuation of the famous old stakes that have been a feature of Saratoga meetings in the past.

Several Montreal owners of racing thoroughbreds are in receipt of subscription blanks from Winnipeg asking them to subscribe for shares in the Manitoba Jockey Club, which is now being formed in Winnipeg. The formation of this club is assured and, when completed, the plant will be one of the most up-to-date in Canada.

The officials at Palmetto Park have issued a special order prohibiting jockeys from wagering upon any horses except those upon which they have mounts. This ruling was the result of several jockeys betting on horses after they had finished riding their engagements for the day, and the stewards deemed the practice did not look good to the public.

The offices of The Jockey Club and a number of the associations that are now at 6 and 8 East Forty-sixth street, will soon be moved to the new and modern building at 18 East Forty-first street. The Jockey Club, with some of the other organizations, will occupy all of the seventeenth floor, while on the eighteenth will be the offices of the Westchester Racing Association and the Saratoga Association, as well as others that cannot be taken care of on the floor below. While the moving day has not been definitely fixed it will be some time during March.

March.

Jere Carroll, one of the younger generation of trainers, has taken over Election Bet and Piping Hot. three-year-olds that he will race in the colors of W. R. Coe. Both of these youngsters are from the Piping Rock Subscription lot and raced well last year. Both are winners, and Election Bet was a good third to Andes and Virginia Lass in the Piping Rock Subscription final. Carroll trained Samuel H. Harris when that plater was one of the best racers about the New York tracks and he had Black Chief in charge for a considerable time. He has the Coe three-year-olds at Roslyn, L. I., and it is probable that others will be added to the small string before the opening of the season.
